So she went instead to the clearing's edge and cried: 116. There were whirligigs in the second patch, but they lacked the variety and disorder of the originals. They were of nearly uniform size, about four meters tall, and all the same color, a dark purple. They had pumped water for two weeks, then stopped. Conversation was tense and ragged at first until Lorraine got off on her "career" and kept us entertained and laughing. She had known a lot of famous people and was a fountain of anecdotes, most of them funny and libelous. Detweiler proved quickly to be the best player, but Johnny, to my surprise, was no slouch.
