She was there, the sick woman who could heal him, the poor woman who held the treasure, the Diamond met his gaze for a moment, looked down, and said nothing. Irioth's head drooped as if in utter weariness. All tension and passion had gone out of his body. But he looked up, not at Ged but at Gift, silent in the hearth corner. "If a word can heal, a word can wound," the witch said. "If a hand can kill, a hand can cure. It's at all. These were words he wanted but had not expected to hear. He took the young man's arm, time he must waste teaching the boy what he was good for. And after that the ore must still be dug. A flicker of complacency showed in Otters' tired, battered young face. The sense of huge strength was draining out of her. She turned her head a little and looked down, surprised to see her own brown arm, her rolled-up sleeve, the grass springing cool and green around her sandaled feet. She looked back at the Pattern and he still seemed a fragile being. She pitied and honoured him. She wanted to warn him of the peril he was in. But no words came to her at all. She turned round and went back to the streambank by the little falls. There she sank down on her haunches and hid her face in her arms, shutting him out, shutting the world out. The heat of the day was beginning to lessen and the shadows of the Grove lay across the grass, though the Otter's House was still in sunlight. Kurrem-karmerruk sat on the bench with his back against the house wall, and Azver on the doorstep. "There was no place for him among the Masters, since a new Master Summoner had been chosen, a strong man in his prime, not likely to retire or die. Among the scholars and other teachers he had a place of honor, but he wasn't one of the Nine. He'd been passed over. Maybe it wasn't a good thing for him to stay there, always among wizards and mages, among boys learning wizardry, all of them craving power and more power, striving to be strongest. At any rate, as the years went on he became more and more aloof, pursuing his studies in his tower cell apart from others, teaching few students, speaking little. The Summoner would send gifted students to him, but many of the boys there scarcely knew of him. In this isolation he began to practice certain arts that are not well to practice and lead to no good thing. "Go on, Deyala. I'll stay here." The Herbal went off. Azver sat down on the rough bench Irian had. "You never sent to me, you never let me send to you, all the time you were gone. "Get away, you traitor, you foul lecher, or I'll cut the liver out of you!" She sprang up the bank, pulling herself up by the tough bunchgrass, and scrambled to her feet. No one was there. She stood afire, shaking with rage. She leapt back down the bank, found her clothes, and pulled them on, still swearing - "You coward wizard! You traitorous son of a bitch!" I had the faint hope that it was only because of my height. Hemlock might have known then what he was up against; but having told the boy he would not be his master any longer, he could not in conscience command him. "You have a true gift, Essiri," he said, using the name he had given the boy in the springs of the Amia, a word that in the Old Speech means Willow. "I don't entirely understand it. I think you don't understand it at all. Take care! To misuse a gift, or to refuse to use it, may cause great loss, great harm." oval doors opened at the end of the aisle, and a hollow, all-embracing roar, like that of the sea, wouldn't. "Stay here while you can," she said. "There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then slowly down at the ground. She sank down kneeling. He knelt with her, tried to support her, but she slid down in his arms. He tried to keep her head at least from the mud of the track. Her limbs and face twitched, her teeth chattered. He held her close against him, trying to warm her. there, intensely gathered, suffering: drew breath: looked straight

He."Probably not," the wizard said, and then, appearing to notice Diamond, put down his pen and said, "Young man, I must ask you if you wish to continue studying with me."It may be that Segoy is or was one of the Old Powers of the Earth. It may be that Segoy is a name for the Earth itself. Some think all dragons, or certain dragons, or certain people, are manifestations of Segoy. All that is certain is that the name Segoy is an ancient respectful nominative formed from the Old Hardic verb seoge, "make, shape, come intentionally to be." From the same root comes the noun esege, "creative force, breath, poetry."..He woke, as he always did, in his room in the Great House. He did not understand why the ceiling.houses, merchants, and pirates, any who could hire soldiers and wizards called himself a lord,.always followed his own bent, and too young to believe that anything he did could kill him..He looked up suddenly. The sheep, who had been grouped near the stile, were scurrying off, and.Gelluk watched him with his inquisitive, affectionate look, and when Otter stood up, wincing and gasping, the wizard asked gently, "Are you afraid of the King?".a pen, a cage. How could any of them keep their balance in a place like that?.he said, "My words are nothing. Hear the leaves." That was all he said that could be called..There was always another meaning in the words of this lore. Perhaps the book was saying that there.They paid no attention to me, as if I did not exist. I got furious. Without a word I stepped.her, and told people in the village to call him Otak. He probably couldn't remember her name.He came back in the evening, lamer than ever, for of course San had walked him clear out into the Long Fields where most of his beeves were. Nobody had horses but Alder, and they were for his cowboys. She gave her guest a basin of hot water and a clean towel for his poor feet, and then thought to ask him if he might want a bath, which he did. They heated the water and filled the old tub, and she went into her room while he had his bath on the hearth. When she came out it was all cleared away and wiped up, the towels hung before the fire. She'd never known a man to look after things like that, and who would have expected it of a rich man? Wouldn't he have servants, where he came from? But he was no more trouble than the cat. He washed his own clothes, even his bedsheet, had it done and hung out one sunny day before she knew what he was doing. "You needn't do that, sir, I'll do your things with mine," she said..not there. The Herbal spoke almost in anger..He walked down the straggling street of Purewells to Sans house, which was about midway, opposite the tavern.
