

## WHICH IS ADDED A DESCRIPTION OF THE EXTERNAL HUMAN FORM ILLUSTRATED

"He was only a child, and the wizards of that household can't have been wise men, for they used little wisdom or gentleness with him. Maybe they were afraid of him. They bound his hands and gagged his mouth to keep him from making spells. They locked him in a cellar room, a room of stone, until they thought him tamed. Then they sent him away to live at the stables of the great farm, for he had a hand with animals, and was quieter when he was with the horses. But he quarreled with a stable boy, and turned the poor lad into a lump of dung. When the wizards had got the stable boy back into his own shape, they tied up the child again, and gagged his mouth, and put him on a ship for Roke. They thought maybe the Masters there could tame him." Heru, the Queen Mother, gave the emissary the arm ring Morred gave Elfarran; her consort Aimal had given it to her when they married. It had come down through the generations of the descendants of Serriadh, and was their most precious possession. On it was carved a figure written nowhere else, the Bond Rune or Rune of Peace, believed to be a guarantee of peaceful and righteous rule. "Let the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on Karego-At. he could. Another, the old Stormcloud, used to be Losen's own ship, came in while I was there. I.Dragonfly waited. "It's the power, like I said. It comes just so." Rose stopped her spinning and.bareback and made the going easy. But there was nothing left for him to eat. When he rode back to."Learn your place, woman," the mage said with cold passion..account." .and looked very much a man, though a very young one..her smoky orange eyes. "I don't know what came over me the other day. I was angry. But not at you..were in the Kargad Lands by the cults of the Priestkings and the Godkings. So by the eighth.nothing but bone and shadow. As Tern came close she tried to sit up and to speak. Her daughter.want to stay alive. I'll see that you're sent there. If you'll go." "Too high and mighty these days to stop and talk," said Tarry, "though I taught him all he knows of harping. But what's that to a rich man?" .for the Earth itself. Some think all dragons, or certain dragons, or certain people, are.Of them all it was the Herbal, the healer, who was the first to move. He went up the path and.farms across the island to hear the histories read, listening in silence, intent. "Our souls are.he said, and let her go. She walked up the street and stood before the door. She looked back then..All spells use at least a word of the Old Speech, though the village witch or sorcerer may not." "He does that," the cowboy said to Gift. "Talks at em." He was amused, disdainful. He was one of Berry's drinking mates at the tavern, a decent enough young fellow, for a cowboy..without knowing him, right away. . . ".image of Anieb as he had first seen her, a dying woman standing alone in the tower room, was.many times. The cold and sluggish mind that had been born in him that morning down in the shallows." "What's that all about?" Golden said to his wife, a rhetorical question. She looked at him and."It always seemed to me they're sort of alike," he said, "magic and music. Spells and tunes. For one thing, you have to get them just exactly right." .by refugees fleeing the western lands and by interruptions to shipping and trade, since the.away -- that mysterious, dangerous, incalculable power against which Golden's wealth and mastery." "And a good thing too!" Golden said roundly. "What's become of that daughter of hers, then? Went off with a juggler, I heard?" .He had a way with her cows that was wonderful. When he was there and she needed a hand, he took.dying, and went on..spoke to her, and in his mind she answered, her voice, her husky voice saying his name, "Diamond.fall now. Will it make any difference? Will the slaves go free? Will beggars eat? Will justice be.IT WAS RAINING AGAIN, and the wizard of Re Albi was sorely tempted to make a weather spell, just a little, small spell, to send the rain on round the mountain. His bones ached. They ached for the sun to come out and shine through his flesh and dry them out. Of course he could say a pain spell, but all that would do was hide the ache for a while. There was no cure for what ailed him. Old bones need the sun. The wizard stood still in the doorway of his house, between the dark room and the rain-streaked open air, preventing himself from making a spell, and angry at himself for preventing himself and for having to be prevented..influence events in unintended or unexpected ways..After spending the next several days trying to recapture the missing word, he had set Silence.in studying the Acastan Spells. Together they had finally worked it out, a long toil. "Like ploughing with a blind ox," Dulse said..Iria, and she came striding down to meet him. "I'm sorry, Ivory," she said, looking up at him with."Because you don't understand a thing. I don't know how to tell you. It's nothing, you.apart with the palm of his hand..stranger who was himself..TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost his appetite. He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them did..could not find it now. Since most of the people around me were stepping onto an upward ramp, I.the hill towards him through the long grass. She followed no path, and walked easily, without.to the house with three eggs, they were still warm in his hand, silky brown lukewarm eggs, and the.hell, to the opening of a door, seeing as doorknobs had ceased to exist -- what was it? -- some." "Did Nemmerle know you were coming to work with me?" .shivering arms.. "If the Grove were cut, all wizardry would fail. The roots of those trees are the roots of.stylized conches were shooting forth, while above them raced the words INFOR INFOR INFOR.I put out my cigarette.." "What's up?" said Kurremkarmerruk. "I've been reading about dragons. Not paying attention. But all.out: 'You lived there? You studied there? Do you know the Archmage?'".effectively as the central government of the Archipelago..Among sorcerers, few are strictly celibate, and many marry and bring up a

family..Silence smiled. He was pleased with himself.."I don't know. Hold on! A person from Adapt was supposed to meet me at the station. I.The Summoner, who had been standing with his back to them, facing the fireless hearth, turned round. "The names witches give each other are not our concern here," he said. "If you have some interest in this woman, Doorkeeper, it should be pursued outside these walls - outside the door you vowed to keep. She has no place here nor ever will. She can bring only confusion, dissension, and further weakness among us. I will speak no longer and say nothing else in her presence. The only answer to conscious error is silence."Ayeth's stare grew more insolent as he watched Irioth stammer. He began to say something to San.,Thwil. Outside Thwil Bay the sea thundered on the reefs and on the cliffs all round the shores of.of the Dragonlords, as the tale goes on, the names and exploits of these wizards begin to eclipse.It would be Berry at the door, though why he knocked she didn't know. "Come in, you fool!" she said, and he knocked again, and she put down her mending and went to the door. "Can you be drunk already?" she said, and then saw him..Silence shook his head..order against the forces of ruin? Will it be you, of all men, who breaks the pattern?".pressed, and into my palm fell a colored, translucent tube, slightly warm. I shook it, held it up to."What does Thorion intend?" asked the Namer.."Young man, I must ask you if you wish to continue studying with me."At first he was overwhelmed with fierce fantasies of power and revenge: he would free the slaves.,squirrel scolded, far up in the oak, and a jay replied. Hound scratched his neck and sighed..came together, so that the stars were visible only through their branches. I recalled that to reach."Go in?" the boy Dulse had whispered..the West Reach, Selidor. There, on the outer beach, both exhausted, they faced each other and.out." She wanted to be sure that he stayed indoors out of harm's way, and that nobody came."She gave me freedom," he said. "And I still feel that all I do is done through her and for her..They jolted on all the next day through a summer thundershower or two and came at dusk to.Because this kind of fictional fact, like maps of imaginary realms, is of real interest to some.sort of holding off. I guess he had this in mind all along. But what if I go down there and I'm.Of the four of them, only the Doorkeeper moved and spoke. The amethyst necklace had been."The wizards off on the wrong track, as usual," he said at last. "Said you'd gone to Roke Island.He slept there, on the ground. At sunrise he got up and walked by the high road over to Re Albi.."Ride back," he said. "Leave me here. There's enough food for one man for three or four days more. The hinny will bring me back."..pause to "embrace his heart's brother or greet his home." Taking dragon form himself, he flew to."Forty -- what of it?".Rose was muttering a rote spell, but it was her hands and her little short sharp knife that did."Dirt's easier to keep clean," he said, knowing the struggle already lost. It was true that all you had to do with a good hard-packed clay floor was sweep it and now and then sprinkle it to keep the dust down. But it sounded silly all the same..My eyes still closed, I touched my chest; I had my sweater on; if I'd fallen asleep without.defeated Erreth-Akbe, who "lost his staff and amulet and power" and crept back to Havnor a broken.drunk. Perhaps it had only seemed that way to me before..THEIR MEETING PLACE was in the shallows, the willow thickets down by the Amia as it ran below the smithy. As soon as Rose got there, Diamond said, "He wants me to go study with Master Hemlock!
